

Dr Terrance D Newton Sr

November 22, 1974 - March 21, 2022

HIS LEGACY

Dr. Terrance D. Newton, Sr., affectionately known as "Newt", was born on November 22, 1974, in Wilmington, Delaware. He received his heavenly wings on March 21, 2022, while in the Christiana Care Hospital, surrounded by his family. Dr. Newton was the son of the late Marie Newton-Hammond and Earl Exum, Jr., and also caringly raised by Emil "Truck" Hammond.

Dr. Newton received his education in the Wilmington Public Schools, graduating in 1993 from Hodgson Vocational Technical High School, where he served as co-captain of the football team. In the fall of 1995, Dr. Newton attended Delaware State University (DSU), majoring in Criminal Justice. At DSU, he had the opportunity to showcase his athletic ability on the football field. After receiving his bachelor's degree in Criminal Justice, he pursued a master's degree in Special Education to follow his dream of impacting children that needed these additional services in the community where he grew up. While attending Grad school, Dr. Newton began his journey into membership of Kappa Alpha Psi Fraternity, Incorporated in Spring 2003 and was closely affiliated with Dover Alumni Chapter and Wilmington Alumni Chapter as the Ace (#1) of Murphi's Law Line. Amongst his chapter brothers, he was affectionately known as Lord Farkward. In true "Newt" style, getting a Master's degree just wasn't enough; he returned to his Alma Mater in 2008 and took on

the lofty goal of becoming a Doctor of Educational Leadership. Dr. Newton was also an active member of The Monday Club, the oldest African-American social organization in Delaware and the nation.

In 2016, Dr. Newton was united in holy matrimony to Paula Dumpson-Newton. With this union, he and Paula shared a beautiful family of four children; Terrance Jr., Dajah, Troy, and Torien. Dr. Newton also opened his heart to be called Dad by Jonai Grant, Twannaja Money and Shanaia Jones.

Dr. Newton accepted Christ as his Lord and Savior at an early age. He is a member of Ezion Fair Baptist Church and was not ashamed to talk about his faith. He prayed every day and it was not uncommon to hear him playing gospel music as it brought him comfort in times of unease.

Dr. Newton managed to make every person he encountered feel like they mattered. It wasn't a façade; he genuinely cared about every person he met. To know him was to love him. His laugh, his smile, his voice - was infectious. You could always find him dancing, singing, going for a ride on his motorcycle, cooking, smoking his cigars, watching his favorite television show Sanford and Son, or telling a story. (We know he can tell a story). He loved to share stories about his challenging childhood, from facing adversity and surviving in the Eastside streets of Wilmington, Delaware, to how his resilience and determination helped him grow into the man we all have grown to love.

Dr. Newton at a young age, developed a love for sports, particularly football. He was one of the first members of the "Stay REAL Camp". Stay Real camp assists with developing the importance of education and the mental and physical aspects of being a student-athlete. As an avid sports fan, he enjoyed watching his beloved San Francisco 49ers and favorite basketball team, the Miami Heat.

Professionally, Dr. Newton was a fearless leader, mentor, teacher, coach, and everybody's biggest cheerleader. He started his career at William Penn High School as a Teacher and then at Thomas A. Edison Charter School as a Special Education Teacher, where he was later promoted to an Administrator Behavior Coordinator. Dr. Newton also served as an Assistant Principal at Kingswood Academy Alternative School and an Assistant Principal of the Turn-Around Schools at Universal Charter School in PA. Dr. Newton continued his career becoming Dean of Students at Sarah Webb Pyle Academy and later as the Assistant Principal at H.B. DuPont Middle School. For a brief period, he worked as the Assistant Principal at Skyline Middle School until he was appointed Principal at Warner Elementary School by the Red Clay School District.

He was passionate about what he did, and he did it every day with purpose and intention. He was more than just hope for his students; he was a promise. A promise that every one of them could do or be anything they wanted to be, as long as they were willing to put in the work. He felt the students needed someone to believe in them. For Dr. Newton, every day was a fresh start, and it did not matter what a student did the day before; every day started with a hug and a clean slate.

He never stopped working for his babies. That is what he called his students – his babies. His job did not exist between the school bells but rather extended into the communities and homes of the students whose lives he touched. There was nothing he would not do to ensure that his students had what they needed to thrive. He humanized the business of education because he understood that for students to learn and achieve success, they needed love and support beyond the walls of the school building.

Dr. Newton connected people. He was that person who had a guy for

everything. Your car broke down, and you needed a ride to work? He found you a ride. Car troubles? Plumbing problems? He knew someone who could help. Dr. Newton was an inspiration to so many. He was larger than life. We must believe that God has a higher purpose for him and continue to do what he started. His candle may have blown out, but he ignited a flame that will endure forever in his name.

Dr. Newton was predeceased by his parents, Marie & Emil Hammond, and Earl Exum, Jr., Grandmothers, Patricia Scales (Sims), Ethel & Clay Newton, Sr., Mother-in-Law, Denise Dumpson, Uncle, Keeno Exum, Favorite Cousin, Troy Stafford, Brothers, Sean Hammond, Sr., Jamar" Kolb" Kilgoe, and Nate "Ma5e" Mangrum.

Fond memories of Dr. Newton will be cherished by his loving and devoted wife, Paula Dumpson-Newton, four children; Terrance Newton, Jr. (Tymirra), Dajah Dumpson, Troy Newton, and Torien Newton, and four grandchildren; Ty'Mirr Rollins, Thaddeus Newton, Tillie Newton, and Troi Newton, sisters; Latasha "Kizzey" Newton (Shantia), Keenyeta, Marketta, Akira, and Chanel Exum, sister-in-laws; Donise Dumpson, Monise Dumpson, and Karen Dumpson; brothers Emil Watson, Robert Hammond, Ross Mason, Hakeem Hammond, Jameel Mickens, Tyrell Hammond, and Kareem Mickens, Grandfather, Earl Exum, Sr., his father-in-law, Paul Dumpson Jr. (Pops), Aunts; Natalie Scales-Lopez, Sharon Smith-Walton, Margaret Hammond and Mary Newton; Uncles, Clay Newton, Jr. (Josephine), Mark Newton, Marvin Newton (Lori), Kevin Newton, Keith Patterson, Vincent Patterson, Rick Exum and a host of nieces, nephews, cousins, and friends.

Martin Luther King said what he wanted people to remember most about him was he was a man that helped someone along the way. Good job Newt

Ed Massey - April 06, 2022 at 08:02 AM

Newt and I started a friendship way back at Highland Elementary School in Wilmington. We kept in touch over the years and ran into each other at various places. A true, genuine human being who made a tremendous difference in our schools, families and our community. A life cut to short and had so much more to offer. My prayers are with the family, friends and the TG brothers. Rest Easy Newt, your watch is over, we will take it from here. Until we unite again. Love ya Bro

Reds Maichle - April 07, 2022 at 09:16 AM

“ *What an outstanding man Dr. Newton was. I never met him, but fell in love with him in the NBC news piece. Condolences to Dr. Newton's family.*

Christine Larson - May 01, 2022 at 07:14 PM

PB

“ To the Newton Family and his beloved school family...
I am a retired high school math teacher in New York State and saw on the news of Dr. Newton's passing. I never knew him, but his story touched my heart. What a special man who truly made a difference in the life of a child. I have been blessed with a job that I loved going to everyday for 34 years and loved my kids as if they were my own.

My heart hurts that this wonderful man is gone, but what a wonderful legacy he has left for all. As an educator, it warms my heart to see how much how he did for these kids.

Such a loss.....rest in eternal peace Sir, and thank you for showing kids they all matter.

I am sure from the few minutes I learned about your story, there will be hundreds of kids, friends and coworkers who will never forget you and will smile when they remember you.

May his family get through this tragedy...

“ I did not know Dr Newton but I saw a news segment about his amazing connections with the kids he worked with as well as the community he served. He just stole my heart. What a gift this man is and what a legacy he has left on earth. There is no way to measure the depths of his stellar contributions to those who knew him. I saw another segment today on national news that he had passed due to an accident. I am just stunned. Sending my sympathy to the family and friends of this great man. I know he leaves you with many warm memories that make you smile. With you in thoughts.

“ Condolences to Newt's Wife and family from Michael aka Muj/MC and Takaia Chambers. Tomorrow is not promised to no one but what matters most is the difference that one makes between that dash of their birthday and death date. No one is perfect but we all can change and make our mistakes a positive impact on our own people and community. And that's exactly what Newt did.

Michael and Takaia Chambers - April 06, 2022 at 03:23 PM

AR

“ *My sincere condolences to Dr. Newton's wife and family! I met him during his time at Kingswood Academy and I was an employee at Kingswood Community center. Every time I saw him at the center he always had a smile on his face and always asked how our day was going. Later on when I learned he was at Warner as the Principal, I was so glad to hear about the great things he was doing. The last time I saw him was right after Thanksgiving in 2021 while standing in line to get a Covid test in Warner's parking lot and he was out speaking to the people in line getting tested, even in the midst of a pandemic he remained consistent.*

My prayers are with everyone whose life he touched, and may the legacy of his love for his community live on.

“ Where do I start. My heart and my family's heart hurts at the lost of such a great soul. At this moment I still cant wrap my head around the fact that he is no longer here. I want to be mad at him for not being here anymore. I will cherish our last talk we had on a Friday not knowing it was going to be last time we spoke. He said , "When you see me again make sure you give me a hug. Thank you for what you did." How am I to do that? It was a hard thing to go over to the school to drop the kids off to school even still weeks later. Not just my babies but my brother kids he touched so deeply during school times and out of school he always called or texted to check on the kids. To Newt's family thank you for sharing this one of kind man he wonderful and beautiful soul will forever live on in you and all those that he touched. Thank you and my God Bless and may you find the peace you need. We love you. -Patrice and the Cirwithian Family

“ I extend my deepest and sincerest condolences to the family of Dr. Terrance Newton and the entire Warner Elementary School family.

On February 11th, I visited Warner Elementary for an AVID visit and left on an emotional high. I want to express my sincere gratitude to the teachers, students, and staff for inviting me into their school. I was delighted by the many things I saw in each classroom, in the hallways, and in listening to Dr. Newton's vision as he shared it with me while we walked the hallways.

As I walked around the building, I saw where Dr. Newton and his staff had been diligent in helping to create spaces where the needs of their children were being met. I saw it in the wellness center, the mindfulness space, the barbershop, TV studio, food pantry, and through the ideas he had to provide additional services to the community. I heard how the teachers spoke to their students, empowering them and igniting within them an interest in learning with inquiry and discussion. I witnessed it in the firm but necessary dignity in the discipline required to help students meet expected norms for behavior. "What you value is what you celebrate," and it is apparent how he celebrated his family, students, staff, and community that he placed a high value on what you meant to him.

I will miss his quick wit, wisdom, passion, and example. I count it a blessing to have met and known such a fantastic human. My prayers will continually be with you as you navigate this difficult time.

*"I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel."

“ *New him as newt .
Condolences. Go out to the hammond family
Newt came a long way over the years he over came a lot! Newt was
a friend to many roll model to all the kids at Warner elementary
show them you can do anything in life if you work for it what DR
newt did and made school good for many students!
He will be missed. Buy all but never be forgot!*

“ My condolences to the family of Dr. Newton, he was a wonderful person. I meant him at Thomas A Edison Charter School, where my kids attended. Dr. Newton always was ready to help in any way he could. We are so blessed to have known such a remarkable man like him, he really cared alot about the youth. May God Bless the family and strengthen you each and everyday, just know a Hero was in our presence making a difference each and everyday.

“ God has called another angel home. Newt as we called him was a great and caring young man. He will truly be missed on this side. We also know that to be absent from the body is to be with the lord. R.I.P my brother you did great thing in such a little while.

Michael Waterman - March 24, 2022 at 10:49 AM

JB

“ To the Newton/ Hammond family,

I just wanted to express my condolences to you all. Newt-Kizzey and I go way back to the days of West Center City and my Summer time working with the city. and New Castle County Summer food program. I never knew him not to care about the youth because that's all he's done since I've known him. As I stated in another post, NEWT was never new to this but he was true to the caring, loving and well being for the youth. You grew to be a GIANT and so respected and loved by so many people. You always had kind words and great conversation whenever we met and we shared good times at your Aunt's house for the bbq's. NEWT- job well done my friend and know that you will always be remembered, cherished and loved. Rest In Power!!
