“ *Today is Tuesday September20th 2022 I just found out, and I'm at a list for words... you used to text me everyday asking if I was still in Delaware before I left to go home in Maryland... always was happy and positive, and you actually enjoyed my company... I spent all these months asking and searching for you, it was unlike you to not text me on a regular.. and I'm just so hurt... I remember the last time I saw you.. it was at brandywine park, a day I will never forget*

“ *Mr. Davis when I learned of your passing it broke my heart. You were apart of the first group that came to my office June 2015 as a Wilmington Summer Youth worker. I often said how sharp and bright you were to be only 14 at that time. There were a many days I wished you could have work after the summer program was over. The memory of your life will always live on. May you Rest in Eternal Peace. Gone be never forgotten* 📞📞📞📞📞📞
